

## ASME NQA-1 Nuclear Quality Assurance

Date: Wed. – Thu., 19 - 20 August 2026 – Online

**A complete overview in two days.** We start with 10CFR50 and 10CFR21, then move on to supply chain qualification and NQA-1 implementation. Safety classification, the 18 elements of NQA-1, qualification of inspection and test personnel, lead auditors, design verification, computer programs, commercial grade dedication and ASME's NQA-1 certificate are explained in detail. Several examples and workshops are included to provide for easier implementation. The course offers participants from the fields of quality assurance, project management, manufacturing, sales, purchasing and customer service both the necessary basics and sound guidance for implementation .

The seminar language is English.
